kreevo.

Congrats! 🎉 You bought Ultimate SFX Pack from Kreevo.

300+ hand-picked sound effects — thank you for supporting an independent creator.

What's inside

- 300+ sound effects for transitions, text pops, UI, impacts and build-ups
- Works in Premiere Pro, After Effects, DaVinci Resolve, Final Cut and CapCut
- Use them in personal and client projects

How to install

1. Unzip the download.
2. Keep the folder somewhere easy to find (for example your Desktop or a "SFX" drive folder).
3. Drag any sound straight onto your timeline.

Quick tips

- Use whooshes on cuts and transitions.
- Use pops when text or stickers appear.
- Keep SFX quieter than your voice — around -18 to -24 dB sounds natural.
